On behalf of our family and our good friends and guest consignors we are honored to welcome you to our to our Second Annual Buildin' A Brand production sale.

The phrase 'Buildin' A Brand' holds a lot of meaning to us as that is exactly what we are striving to do, build our own brand of cattle. What we consider to be our 'brand' is a female that is attractive yet EFFICIENT in her design being moderate framed, easy fleshing and capacious. Efficiency has become a very important economical trait because no doubt, feeder cattle are at record high prices and rising, but feed is a very costly input that needs to be kept to a minimum. LONGEVITY is also very important to us, therefore they must be fertile, sound structured, and good uddered with plenty of milk for many years of production. On top of all this we love a baldy and we love the versatility that the Sim/Angus cattle consistently offer us in the production of these traits. They are the foundation from which you can build on to produce purebred Simmentals, club calves or tremendous feeder cattle.

We would sincerely like to thank you, our customers of past present and future, for taking time out of your busy schedule to evaluate our program. There is no question, there are a lot of sales each year and a lot of places you could buy cattle, however we feel our product is unique and useful to the cattle industry and hope you will find it so as well. We would also like to thank those who work closest with us on this event and throughout the year; Brad Hook, Bob and Nick Dwyer, Jered Shipman and Dr. Dewey Nibe as well as all the boys that help with AI'ing, picturing, and sale time. We truly appreciate all the help and value your friendship's deeply.

If you have any questions please feel free to call or e-mail. We are happy to help you any way we can.

Thanks for your time,  
The Sandeen's

*Coleman Donna 386,  
dam of Sandeen Donna 8386*

*KMK Donna J311,  
granddam of Sandeen Donna 8386*

*Donna 7386, a full sister to Sandeen Donna 8386.*

*High Voltage*

*Sandeen SOS*

*Sandeen Donna 8386, dam of Lot 1A pregnancy & 1B embryos.*

## Sandeen DONNA 8386

Donor Female

**Meyer Ranch 734**

MR Black GX 6W

Miss GX 728R

**Coleman Donna 386**

Basin Rainmaker 654X

KMK Donna J311

**LOT 1A** - Selling on HEIFER CALF PREGNANCY sired by Sandeens SOS; due in February 2012.

**LOT 1B** - Selling one package of three embryos sired by SS/PRS High Voltage.

- Donna 8386 is an absolutely stunning cow when viewed in person. She milks well, has a great udder and is very fertile. We feel she has the most genetic potency of any Sim/Angus cows known to date due to the unequaled cow family behind her.
- Her dam, 386, recently sold half interest for \$100,000 not because of a great picture and some promotion, but because of her ability to produce great cattle. Her granddam, Donna J311, is one of the stoutest 6807 daughters in existence and is Coleman's foundation to the Donna cow family.
- It is our belief that the way to make the best maternal Simmental genetics is to breed them up from the best maternal Angus genetics available which is what in our minds, the Donna cow family offers.
- The SOS Pregnancy selling will be a full sib to the \$10,000 high selling open heifer at Dwyers 2011 Foundation Female Sale.
- The embryo's selling are sired by the most complete purebred Simmental bull I have ever seen, High Voltage. These are cutting edge genetics that will be some of the very first offered from what we think will be a bred improving sire.

*Sandeen Chisholm*

*Sandeen Donna 8386*

*Sandeen Donna 7386*

## Sandeen CHISHOLM

Referenc Sire  
ASA# 2563535  
1/2 Simmental

**Meyer Ranch 734**  
**Coleman Donna 386**

MR Black GX 6W  
Miss GX 728R  
Basin Rainmaker 654X  
KMK Donna J311

**LOT 2A** - Selling three units of Sandeen Chisholm  
SEXED FEMALE 5 Mil Semen.

**LOT 2B** - Selling three units of Sandeen Chisholm  
SEXED FEMALE 5 Mil Semen.

- Selling 6 units of sexed female 5 mil semen in two packages of three.
- Chisholm is quickly becoming a favorite of those who have had calves out of him do to his ability to sire functional effeciently designed, attractive daughters and he calves relatively easy.
- Chisholm is backed by a tremendous dam and granddam and we are very proud of his two full sisters, 8386 and 7386. Never before has their been a half blood bull with this caliber of pure, maternal Angus cow power behind him. He will make females that will be remembered.

*TJSC Sweet 83U*

*She's So Sweet*

04.04.08

1/2 Simmental  
& 1/2 Angus

Sandeens SOS

KS Miss Shes So Sweet

Maximus 391  
LVCC Mrs Picasso 180

- AI'd 06.05.11 to Sandeen Chisholm.
- Out of the most famous Simmental/Angus cow in the business "She's So Sweet." And the now deceased SOS. Full sibs include the \$100,000, Sandeen Crowad Pleaser, \$30,000 half interest Sandeen's She's a Hottie, and the \$10,000 Sandeen bull 939W. Maternal sibs include the \$80,000 Jones Herd Sire TJSC Optimus Prime, \$40,000 She's So Sweet 9W, \$55,000 TJSC So Sweet 104X, \$45,000 TJSC So Sweet 110X, and countless others. 83U herself is extremely massive and stout. She is also beautiful uddered and milks very well. She had a really good Chisholm heifer this year and is bred back for another. This cow is bred to produce greatness!

Sandeen  
Lady  
621T,  
Lot 4

Remington Lock N Load

856S, full sib to Lot 4

960, maternal sib to Lot 4

lot4

## Sandeen LADY 621T

03.12.06  
1/2 Simmental  
& 1/2 Angus

**Meyer Ranch 734** MR Black GX 6W  
Miss GX 728R  
**OCC Miss 411J** OCC Emblazon 854E  
OCC Miss 302F (OCC Anchor)

- AI'd 05.24.11 to Remington Lock-N-Load.
- 621 is a good structured attractive cow that is good uddered and milks like a machine. Her first calf was an SOS son that sold for \$6,000 and this year she has a tremendous SOS daughter. A full sister to 621 was the high seller in our 2008 sale at \$10,000 going to Randy Jones, Ohio and last year she had a couple maternal sibs by DJ Salute selling for \$11,000 and \$8,500. This is a great producing cow family and a great individual that is selling in the prime of her life. Definate donor caliber.

*Sandeen Lady 865, Lot 5*

*Miss Aberdeen, dam of Lot 5*

*Sandeen 895, a full sister to Lot 5*

lot 5

## Sandeen Lady 865

02.22.08  
1/2 Simmental  
& 1/2 Angus

DJ Salute

Miss Aberdeen

- AI'd 05.13.11 to Sandeen Chisholm female.
- This is a donor cow in the making. She is moderate, massive, and cool. She remind me a lot of her mother only with a bald face. We have sold several sisters to her but she is the only full baldy we have ever had. The Miss Aberdeen cow was one of our all time best producers and we kept what we flet were her two best daughters, 865 which sells here, and we will retain the other for now to carry on the family line.

lot 6

02.20.10  
1/4 Simmental  
& 3/4 Angus

# Sandeen LADY 0311

OCC Eureka 865E

KS Miss Shes So Sweet Maximus 391  
LVCC Mrs Picasso 180

- AI'd 05.06.11 to Sandeen Chisholm female.
- A little different twist on the "She's So Sweet" family here. We flushed She's So Sweet to Eureka while she resided here for some low percentage/quarter blood females. It worked. This thing is the most massive bodied, easiest keeping heifer in the bunch. We have a full sister that is a couple years older and she is an absolutely beautiful cow. 0311 will make a tremendous foundation cow for someone.

lot 7

03.12.10  
1/2 Simmental  
& 1/2 Angus

# Sandeen LADY 007

RSKY 8029 Hoss 7573 OCC Bonanza  
Jauer Doctor 8029 3121

RB Shimmer  
Meyers Red Top  
RB Perfect

- AI'd 05.07.11 to Sandeen Chisholm female.
- This is what donor cows look like as bred heifers. A perfect blend of power, mass and femininity in this Angus sired, half blood. Sired by our promising young herd sire "Hoss" raised by the Rosanky Ranch in Texas. 007 is definitely one of the easiest fleshing and most attractive females in the bunch.

\$11,000  
full sister  
to Lot 8.

*KS She's So Sweet,*

**lot 8**

## Sandeen LADY 0321

02.24.10  
3/4 Simmental  
& 1/4 Angus

**SVF Steel Force**

**Sandeen's She's a Hottie**

Sandeen's SOS  
KS She's So Sweet

- AI'd 07.07.11 to Sandeen Chisholm.
- 0321 is one of the stoutest constructed Steel Force's I have seen. She is really long necked and cool with ample hip and bone. A full sister sold in Dener at the 2011 NWSS for \$11,000 and another in Dwyer's 2011 Foundation Female sale for \$6,750 that went on to win many shows in Ohio. This heifer got sick this summer and fell behind for a while. But she is on the rebound now and definitely has the genetics to make her someones headline donor one day.

*Sandeen Lady 825*

**lot 9**

## Sandeen LADY 011

02.28.10

& 1/2 Angus

**Sandeen's SOS**

**Sandeen Lady 825**

DJ Salute  
Tharpe Angus 225

- AI'd 05.06.11 to Sandeen Chisholm female.
- Dam was the \$28,000 high seller in 2009 No Bull Sale. A full sister to the dam sold for \$15,000 and was high point foundation show heifer in Ohio. 011 is an ultra complete individual that is deep sided and sound. A very productive cow family.

# Blackbird 116 daughters ...

This is a really good set of flushmate sisters. All but two are star headed. Their dam, Blackbird 116, has been a very constant producer of some of our very best heifers and bulls in years past. These heifers should be extremely fertile and milk great. The Coleman Angus Ranch in Montana is beginning to dominate the Angus breed in terms of producing maternal genetics and the 116 cow was one of our first donors purchased from there. This is what the Sim/Angus business is about - deep, thick, stout females that are easy keeping and easy to look at.

*Sandeen Lady 0756, Lot 10*

Miss Arnold 5568

Panzer  
Miss Arnold A5225

- AI'd 05.06.11 to Sandeen SOS female.
- You will love this one once she gets to be a cow. This is the first daughter we have sold of our old Arnold Brothers Fleckvieh cows and she sells only because we are trying to get a sampling of these Hoss daughters in the sale. This heifers grandam was deemed the best cow ever produced in the infamous Arnold Brothers herd. We have several of these half Fleck cows now and they are definitely some of our best foundation females.

- This female will make an outstanding cow. It is hard to find one that possesses as much stoutness, body and potential as this female. If you are impressed by power, bone and substance, this heifer is the one.

lot **72**

## Treinen 226

March 2009

OCC Legend

Full Flush/TJ/ Maine

Bred 6/8/11 to Sandeen Chisholm female; vet checked safe to AI date. She is out of a flushmate sister to the mother of Critical Mass and the champion maine anjou steer and third overall at the Iowa State Fair in 2009. She is coming with her second calf. We kept her first heifer calf out of Power 2 Change for a replacement. She was tested and is clean for PHA, TH, AM and NH. This is a long knecked, moderate framed, deep bodied and very feminine female with alot of power in her pedigree. We wouldnt be selling her if we didnt have her mother and grandmother still in production and wanting to bring the best bred that we have to the sale. Still hard to part with one bred like she is that looks like this. She traces back to the 614 TJ cow that is still producing at 16 years of age. The breeding options on her are endless for females and steers with her pedigree and phenotype. These are the first bred sold out of this cow family. She is bred for a heifer calf by Sandeen's Chisholm bull which will be an outstanding heifer calf.

lot 73

## Treinen 100

March 2010

Rodman

Black Pearl/Grizz/Witch Dr/TJ/Maine

- Bred 6/10/11 to Mid-Nite Rider; vet checked safe to AI date.
- We shouldn't be selling this heifer either but wanted to bring our best ones to the sale. Even with that it was a hard decision to make to part with this one. We have kept two half sisters to her. She goes back to the 614 TJ cow as well. She was tested and is clean of PHA, TH, NH and AM. This one has the look and pedigree to be a great producing cow. The combination of her bone, depth of body, hair and feminine look will make her a valuable breeding piece in anyone's herd to raise those sought after steers and heifers. It is hard to find bred heifers with her look and pedigree.

lot 74

## Smith 340

**TERMS:** Terms of all sales will be cash unless arrangements are made between buyer and seller prior to sale.

**ANNOUNCEMENTS:** Alteration of any information in the sale catalog will be announced from the auction stand and such announcements take precedence over any printed material.

**PURCHASER'S RISK:** The animal becomes property of the purchaser as soon as sold, but it shall be the responsibility of the seller to see that the animals are properly cared for free of charge to the buyer, until delivered to him or until expiration of 24 hours after the sale, whichever first.

**SHIPPING:** Assistance will be given in making shipment after the sale, but no risk will be assumed by the seller. Expenses incurred are the responsibility of the purchaser, who should furnish instructions at the time of the settlement.

**ACCIDENTS:** Although every precaution will be taken to protect the safety and comfort of the buyers and those attending the sale, the seller or Sale manager do not assume any responsibilities in the matter and each disclaims any liability, legal or otherwise, in the event of an accident or loss of property.

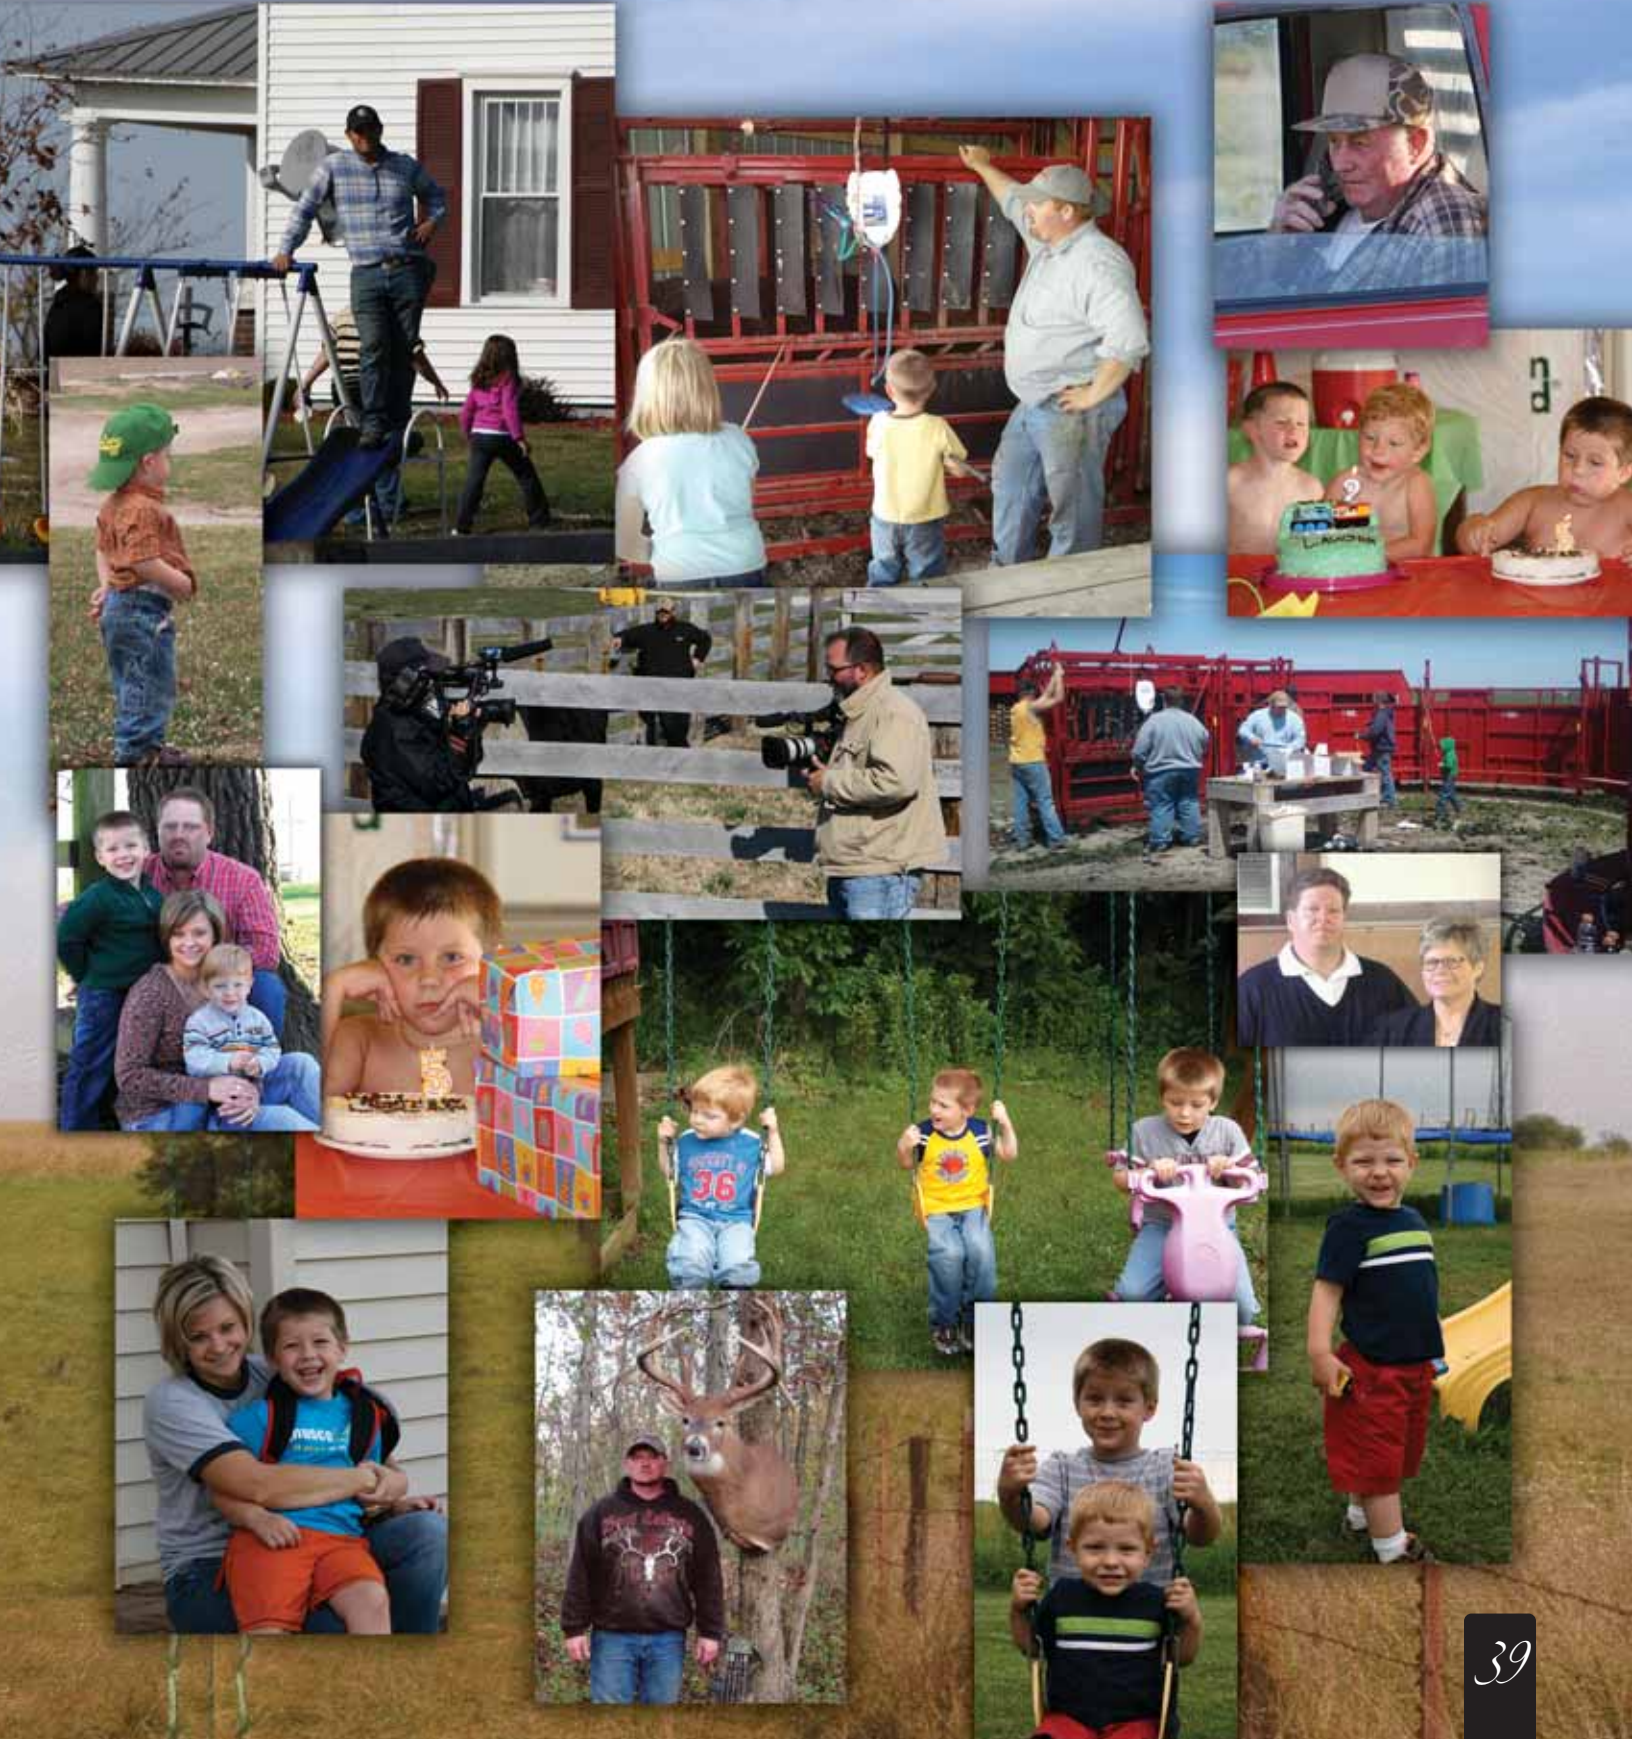

**SELLERS** do not assume any responsibilities regarding calving difficulties, birth defects or premature loss of fetus which occurs after the date of sale on any animal sold. All females are guaranteed bred to an AI sire and all information is believed to be exact at the time of sale. If a TH or PHA calf should happen to be born, then the healthy female, at least 45 days post-partum can be returned for the initial purchase price back.

The females in this auction that have been mated with regards to sexed semen are guaranteed to have been settled using sexed semen, but are not guaranteed to have a female calf. The manufacturers of the semen state that 90-95% of the calves born will be the desired sex.

**REGISTRATION PAPERS:** all animals that are 1/2 blood Simmental and above will be issued registration papers at no cost to the buyer. All animals less than 1/2 bloods must be discussed with the seller.
